RE: **Procurement Policy:** Approval to Amend the HOC Procurement Policy Purchasing Limits for Micro Purchases

DATE: March 20, 2023

STATUS: Consent Deliberation Status Report Future Action

OVERALL GOAL & OBJECTIVE:

Staff is seeking approval to amend the HOC Procurement Policy purchasing limits for micro purchases by increasing the limit from \$5,000 to \$10,000 for purchases that do not have Davis-Bacon requirements.

BACKGROUND:

The current HOC Procurement Policy (the "Policy") was adopted and effective, June 7, 2017. Section 5.2 of the Policy addresses procurement methods for Small and Micro Purchase Procedures. The Policy states that:

Purchases of goods and services for any amount less than \$5,000.00 (except for construction services for which the maximum is \$2,000.00 due to Davis-Bacon Act requirements) ("Micro Purchase") may be made through the Micro Purchase Procedure. Small Purchases ("Small Purchase") above the Micro Purchase Ceiling (as hereinafter defined), but not exceeding \$150,000.00 ("Small Purchase Ceiling") shall be accomplished under the Small Purchase Procedure (the "Small Purchase Procedure").

- a) *For the Small Purchase Procedure, HOC shall obtain at least three quotes, to the greatest extent feasible, and to promote competition, small purchases should be distributed among qualified sources. Quotes may be obtained orally (either in person or by telephone confirmed by email or in writing), by facsimile, in writing, including email, or through e-procurement. Award shall be made to the responsive and responsible (see, Section 12, infra) vendor that submits the lowest cost to HOC or if award is to be made for reasons other than lowest price, documentation shall be provided in the contract file. HOC shall*

not break down or split requirements aggregating more than the Small Purchase Ceiling into several purchases that are less than the applicable ceiling merely to: (1) permit use of the Small Purchase Procedure or (2) avoid any requirement that applies to purchases that exceed the Small Purchase Ceiling.

- b) *For Micro Purchase Procedure, which are purchases of less than \$5,000 (“Micro Purchase Ceiling”) (except construction services subject to Davis-Bacon Act requirements with a maximum of \$2,000), only one quote is required provided the quote is considered reasonable by the Procurement Officer after completing a cost and price analysis as provided in Section 8 of this Policy. HOC shall not break down or split requirements aggregating more than the Micro Purchase threshold into several purchases that are less than the Micro Purchase Ceiling merely to: (1) permit use of the Micro Purchase Procedure or (2) avoid any requirement that applies to purchases that exceed the Micro Purchase Ceiling.*

In the nearly six (6) years since the current Policy was adopted, there have been significant increases in the costs of goods and services, particularly for maintenance related purchases. The cost of construction related materials and equipment have increased gradually, but with recent escalation in inflation, exacerbated by supply chain impacts during COVID-19 pandemic, the current micro purchase limit no longer aligns with the current market. As Property Management and Property Maintenance staff work to complete the backlog of routine maintenance repairs, emergency repairs, Home Owners Association (“HOA”) violations, and unit turnovers, many of the proposals for services and the costs for equipment replacement are exceeding the current \$5,000 limit on micro purchases. This includes HVAC, roofs, windows, kitchen and bathrooms, paint and drywall, unit turns, and other items. Under the current Policy, the requirement to obtain three bids for work over \$5,000 is causing significant delays in staff’s ability to complete critical repairs and unit turns in a timely manner. Furthermore, contractors are increasingly reluctant to bid unless there is some certainty of an award, making the process time-consuming and unproductive.

Current Request

Staff is requesting that the Commission amend Section 5.2(b) of the current Policy to increase the limit for micro purchases that do not have Davis-Bacon requirements from \$5,000 to \$10,000.

This request is consistent with a June 20, 2018 Memorandum for Chief Financial Officers and Heads of Small Executive Agencies (M-18-18), in which the Office of Management and Budget raised the federal micro purchase threshold to \$10,000. Per a memo dated March 12, 2019, the U.S. Department of Housing and Urban Development confirmed that public housing authorities can use the higher threshold, but must document the change in their procurement policies.

In support of this request, staff has attached to this memorandum, a schedule that shows the increase in costs to complete repairs for items that are often needed in emergency situations, including HVAC replacement, plumbing emergencies such as breaks in underground water or sewer lines, or replacing gas hot water heaters. The costs for other capital repairs such as roof replacement, siding and windows has also increased above the current micro purchase amount.

The change to the Policy would align HOC with the Federal Government's procurement policy and enable staff to complete repairs and unit turns more efficiently. Staff will continue to ensure that the quotes are reasonable for the goods and services procured. Furthermore, the Procurement Office, in the execution

of its duties, will perform periodic quality control reviews to ensure compliance with the Policy.

Funding for Maintenance Related Repairs

The purchase of maintenance related goods and services come from property operating and capital budgets, replacement reserve funds or for qualified repairs under the County’s Capital Improvement Program (“CIP”) funding. All other funding would be from the respective property budgets or other sources that have been approved by the Commission.

ISSUES FOR CONSIDERATION:

Does the Administrative and Regulatory Committee wish to join staff’s recommendation to the Commission to approve an amendment to the HOC Procurement Policy that increases purchasing limits for micro purchases to \$10,000?

BUDGET IMPACT:

- There is no adverse impact on HOC’s adopted FY 2023 operating budget.
- The source of funds for all maintenance related purchases are property operating and capital budgets, or the County CIP funding.
- All other funding would be from the respective property budgets or other sources that have been approved by the Commission.

TIME FRAME:

For discussion at the March 20, 2023 meeting of the Administrative and Regulatory Committee and formal action at the April 5, 2023 Commission meeting.

STAFF RECOMMENDATION & COMMISSION ACTION NEEDED:

Staff requests that the Administrative and Regulatory Committee join its recommendation to the Commission to approve an amendment to the HOC Procurement Policy that increases purchasing limits for micro purchases to \$10,000.

Attachment

Maintenance related services that have increased in cost above the micro purchase amount include:

HVAC Replacement, often completed as an emergency, has increased in cost in excess of the micro purchase amount since the beginning of 2022, with system replacement ranging from \$4,500 to \$8,000 depending on system type. Increased cost for systems is related to changes in industry regulations.

HVAC Replacement		
Year	Average Cost	Range
2020	\$ 4,505	\$1,879 - \$6,983
2021	\$ 4,595	\$2,160 - \$8,966
2022	\$ 5,187	\$2,600 - \$9,194
2023	\$ 6,287	\$5,427 - \$7,422

Roof Replacement is an example of a capital expense that has increased in cost for materials and installation. Any roof that exceeds 10 squares is now exceeding the \$5,000 micro purchase threshold just for shingles and does not include replacement of damaged plywood or substrate. A typical townhouse or single family will average 14 to 15 squares.

Roof Replacement		
Year	Average Cost	Range
2020	\$ 4,497	\$2,873 - \$7,020
2021	\$ 4,718	\$3,650 - \$8,250
2022	\$ 5,019	\$4,000 - \$7,350

Plumbing Emergencies for breaks in underground water or sewer lines, or replacement of gas hot water heaters, can often exceed the current micro purchase amount.

Plumbing Emergencies		
Year	Average Cost	Range
2020	\$ 4,610	\$4,200 - \$6,000
2021	\$ 5,017	\$2,945 - \$8,640
2022	\$ 5,557	\$3,200 - \$10,350

Unit Turnovers involve multiple trades including painting and drywall, flooring replacement, electrical outlets and fixtures, plumbing fixtures, and cleaning services to get units ready for occupancy. The following represents average costs for a typical routine three-bedroom unit turnover, not a full renovation:

3 Bedroom Unit Turnover	
Service	Average Cost
Paint	\$ 2,500
Flooring	\$ 3,000
Electrical	\$ 1,500
Plumbing	\$ 1,500
Cleaning	\$ 500
Average Cost	\$ 9,000

RE: Authorization to Submit HOC’s Fiscal Year (“FY”) 2024 Annual Public Housing Agency (“PHA”) Plan

DATE: March 20, 2023

STATUS: Consent ____ Deliberation X Status Report ____ Future Action ____

OVERALL GOAL & OBJECTIVE:

To authorize the Executive Director of the Housing Opportunities Commission of Montgomery County (“HOC” or the “Commission”), or her designee, to submit the FY 2024 Annual PHA Plan.

BACKGROUND:

HOC must submit a five-year plan informing the U.S. Department of Housing and Urban Development (“HUD”), residents, and the public of HOC’s mission for serving the needs of low-income and very low-income families, highlighting its Housing Choice Voucher (“HCV”) and Public Housing (“PH”) programs. Annually, HOC must submit updates to the Five-Year PHA Plan.

The Quality Housing and Work Responsibility Act of 1998 (“QHWRA”) became law on October 21, 1998. This year, HOC is submitting its 24th Annual PHA Plan for HOC’s FY 2024, which begins on July 1, 2023 and ends on June 30, 2024.

HOC’s Annual PHA Plan provides details about immediate operations, services, programs and program participants. In addition, the plan outlines the Agency’s strategy for addressing the housing needs of Montgomery County residents. HOC submitted its Five-Year PHA Plan for FY 2020, which covers the period FY 2020-2024. The Five-Year PHA Plan describes HOC’s mission as well as its long-range goals and objectives for achieving its mission over the five years outlined within the Plan. Much of the current Five-Year PHA Plan focused on HOC’s use of the Rental Assistance Demonstration (“RAD”) program to convert the Agency’s PH portfolio to Project-Based Rental Assistance (“PBRA”) and Project-Based Vouchers (“PBV”). HOC must submit the FY 2024 Annual PHA Plan to HUD 75 days prior to the start of the FY covered in the plan, which is April 17, 2023.

The substantive changes subsequent to this year’s Annual PHA Plan are updates to the HCV Administrative Plan, HUD approval to increase HOC’s payment standards, updated Family Self Sufficiency (“FSS”) Action Plan, and the Housing Resources Division’s (“HRD”) HCV PBV activity.

The Housing Resources Division made revisions to seven chapters of the HCV Administrative Plan, which governs HOC's HCV program. These revisions included updates to language pertaining to Live-in Aides, Income Verification, Voucher Extensions, Housing Quality Standards Inspections, Virtual Remote Video Inspections, and the Homeownership Program.

Public and Indian Housing ("PIH") Notice 2022-30 (Extension of Certain Regulatory Waivers for the Housing Choice Voucher Program and Streamlined Review Process) provided a streamlined process for PHAs to provide continued flexibility to respond to the pandemic, especially fluctuating rental markets. HOC requested the "Voucher Tenancy Waiver", which allowed PHAs to establish payment standards from 111% to 120% of the applicable Fair Market Rent ("FMR").

After a detailed analysis of HOC's current voucher portfolio, HOC found that increasing the payment standard to 112% of the FMR would reduce rent burden for 80% of rent burdened families, while maintaining a recommended reserve balance of 4%-6% of our Annual Budget Authority. HUD granted approval for HOC to increase the payment standards to 112% of the FMR.

HUD published the "Streamlining and Implementation of Economic Growth, Regulatory Relief, and Consumer Protection Action Changes to Family Self Sufficiency Program" Final Rule on May 17, 2022. The Final Rule mandated numerous changes to the FSS program. The PHAs demonstration of compliance with the mandates were required by November 14, 2022. HUD also required HOC to submit its updated FSS Action Plan for approval by September 30, 2022 (45 days prior to the compliance date). HOC received HUD approval September 26, 2022.

The FY 2024 PHA Plan also highlights recently completed, ongoing, and future renovation/construction projects that include PBVs. These PBV units are governed by HOC's HCV program.

Staff released a draft of the FY 2024 Annual PHA Plan to the public on February 16, 2023. In addition, staff provided the Resident Advisory Board ("RAB") with a copy of the FY 2024 Annual PHA Plan for review and comment. The RAB will review the Plan, submit comments, and provide a letter of endorsement, which HOC will submit as one of the supporting documents to HUD on, or before, April 17, 2023. HOC will hold a public hearing for the annual plan on April 3, 2023 at 11:00am at HOC's Main Office at 10400 Detrick Ave., Kensington, MD 20895. Interested parties will also have the option to view the meeting virtually via You Tube.

The RAB is composed of individuals who reflect and represent the residents assisted by HOC. Their role is to assist HOC in developing the PHA Plan. Details are posted on HOC's website at www.hocmc.org and are available at the physical office locations listed above.

B1: Revision of Plan Elements

Although HOC no longer operates Public Housing (“PH”) units, as part of HOC's RAD portfolio conversion, HOC elected not to close out the PH program. HOC currently has PH Capital Fund Program (“CFP”) funds that have been budgeted through HUD's EPIC system. HOC is exploring its use of the Faircloth Limit for future potential development under the RAD program. HOC's Public Housing Admissions and Continued Occupancy Policy (“ACOP”) previously governed HOC's PH program. Since HOC has converted all of its PH units, this document is no longer relevant.

HOC is in the final stage of the overall closeout of the RAD program. Elizabeth House III is the final project to be completed under RAD. HOC will officially close out this project through the RAD Resource Desk once in receipt of the Completion Certification and all residents are relocated to the new property. Construction on the residential portion has reached substantial completion as of February 2023. HOC will begin the process of relocating existing RAD tenants to their new units. The RAD Project-Based Rental Assistance (“PBRA”) and Project-Based Voucher (“PBV”) Housing Assistance Payment (“HAP”) contracts are tied to the new Leggett (formerly, Elizabeth House III) property.

HOC's Housing Choice Voucher (“HCV”) and PBV programs are governed by HOC's Administrative Plan. The Administrative Plan derives its layout and much of its content from the Code of Federal Regulations (CFR), Title 24, Part 982—Section 8 Tenant Based Assistance: Housing Choice Voucher Program and Title 24, and Part 983.

- HOC's policies for HCV eligibility for admission are established in Chapter Two of the HOC Administrative Plan.
- HOC's policies for persons applying for HCV admission are established in Chapter Three of the

HOC Administrative Plan.

- HOC's HCV waitlist and selection processes are established in Chapter Three of the HOC's Administrative Plan.
- All of HOC's PBV policies are established in Chapter 22 of the HOC Administrative Plan.

Eligibility for HOC's HCV program is determined when an applicant is called from the waitlist. HOC uses the following criteria for screening applicants:

- a. An applicant must be a "family". A family may be a single person or group of persons.
- b. An applicant must be within the appropriate Income Limits.
- c. An applicant must furnish Social Security Numbers for all family members.
- d. An applicant must furnish Declaration of Citizenship and Eligible Immigrant Status and verification where required.
- e. At least one member of the applicant family must be either a U.S. citizen or have eligible immigration status before the PHA may provide any financial assistance.
- f. Criminal or drug related activity only to the extent required by law or regulation including criminal records from local and state law enforcement agencies. HOC checks national and state sex offender registries and will deny persons subject to lifetime registration. HOC will review, on a case by case basis, the issues related to any applicant who is registered as a sex offender for other than their lifetime.

Section (b):

The following section highlights revisions made to HOC's plan elements.

- Updated first preference, to include forced displacement of families resulting from a fire, flood damage, and natural disaster.

Chapter Seven: Verification Procedures

- This chapter details the verification process used to determine program eligibility, including the verification of income. The Commission approved updates to the language that reads self-employed individuals must certify that, if the business is not based in Montgomery County, a

minimum of 51% of their business is conducted in Montgomery County to meet the local employment preference. Applicants must also provide documentation.

Chapter Eight: Voucher Issuance and Briefings

- This chapter details the voucher issuance process. Vouchers are initially valid for a period of 90 days. The commission approved updated language to grant voucher extensions to all customers for a maximum search time of 180 days. The previous policy applied only to disabled customers for a maximum of 150 days. In order to receive the extension, the customer must request it prior to the expiration of the existing voucher and provide a search record with a minimum of 10 entries. A family may submit a request for reasonable accommodation if additional search time is needed in excess of 180 days.

Chapter Ten: Housing Quality Standards (“HQS”) and Inspections

- The CARES Act of 2020 provided HUD with broad authority to waive statutes and regulations for the HCV program. HUD published PIH Notice 2020-31 (Remote Video Inspections for Housing Choice Voucher Program) on December 31, 2021. The notice incorporates the use of “virtual” Remote Video Inspections (“RVI”) as an alternate HQS inspection method. Adopting this waiver provided HOC the flexibility to continue to serve our most vulnerable customers while reducing the risk of exposure to the Coronavirus from third party vendors and HOC staff. Implementing this waiver is also critical to our business operations in the event of another pandemic, epidemic, or major natural disaster. Customers will have the option for in-person inspections as well. Updates include the following:
 - Addition of a Remote Video Inspection (Virtual Inspection) section.
 - Choosing a proxy
 - Incorporating RVI
 - Administrative preparation
 - Pre-inspection planning
 - Equipment needs
 - Scheduling
 - Utilization of PHA Provided Software (YARDI)
 - Interior/exterior inspections
 - Post inspection

Chapter 11: Owner Rents, Rent Reasonableness, and Payment Standards

- Pursuant to PIH Notice 99-35, HUD merged Section 8 Certificates and the Housing Choice Voucher program, allowing for a new way to calculate the Housing Assistance Payment. The merger has since concluded, making all pre-merger language obsolete. This language was removed.
- Language regarding Payment Standards was also adjusted to include the Electronic Funds Transfer (“EFT”) process. Wording referencing paper checks was removed.

Chapter 21: Housing Choice Voucher Homeownership Option

- This chapter details the HCV Homeownership Program. The program is limited to twenty-five (25) participants, of which, three slots are designated for disabled families. The homeownership program is collaborative effort between HOC's Housing Resources and Mortgage Finance Divisions. Montgomery County uses the annual Area Median Income ("AMI") to determine the minimum income requirement for participation in the homeownership program. The current requirement has increased from \$24,000 to \$40,000.

Housing Choice Voucher Payment Standards:

Pursuant to PIH Notice 2022-30 (Extension of Certain Regulatory Waivers for the Housing Choice Voucher Program and Streamlined Review Process), HOC requested the waivers listed below. The CARES Act provided HUD with the authority to waive statutes and regulations for the Housing Choice Voucher and Public Housing Programs. The waivers provided PHAs with the flexibility to adjust program practices where necessary in order to prioritize mission critical functions. Most CARES Act waivers contained in PIH Notice 2021-14 (published May 5, 2021) expired on December 31, 2021. Subsequent PIH Notices, through PIH Notice 2022-30, provide a streamlined process for PHAs to provide continued flexibility to respond to the pandemic, especially fluctuating rental markets.

1. Voucher Tenancy (New Payment Standard Amount: PHAs may establish payment standards from 111%-120% of the applicable Fair Market Rent ("**FMR**").

The Housing Resources Division's ("**HRD**") recommendation to increase the Voucher Payment Standards to 112% of the published Small Area Fair Market Rents ("**SAFMR**") was based on an analysis of HOC's current voucher portfolio. HRD found that this increase would reduce rent burden for 856 families, or 80% of currently rent-burdened households. The increase also allowed greater access to high-opportunity areas while increasing program utilization and maintaining a recommended reserve balance of 4%-6% of our Annual Budget Authority. HOC analyzed a total of 71 zip codes and five (5) bedroom sizes to determine the most beneficial payment standard values. Staff examined various outcomes and selected the solution that allowed for the fewest number of families to be rent-burdened.

On December 14, 2022, HUD granted approval for HOC to increase its payment standards above 110%. HOC intends to increase the HCV program VPS to 112% of the FMR for all bedroom sizes in all zip codes. The increased payment standards are applicable to all New Admissions and at the next re-examination for existing customers.

Family Self Sufficiency Action Plan:

The Family Self Sufficiency ("**FSS**") program is a federally mandated program authorized by the Cranston-Gonzalez Affordable Housing Act of 1990. HOC's FSS program began in February of 1993, subsequent to HUD's approval of the initial FSS Action Plan.

Public Housing Authorities work in collaboration with public and private resources to provide supportive

services, case management, and an escrow account to participating families, in order to help families achieve economic independence and self-sufficiency. The FSS program is a voluntary program offered to all families participating in the HCV program, including the following programs:

- Family Unification Program;
- Project Based Voucher;
- Emergency Housing Voucher;
- Non-Elderly Disabled and Mainstream Disabled;
- Veterans Affairs Supportive Housing;
- HCV Homeownership;
- Single Room Occupancy; and
- Moderate Rehabilitation Program

HUD published the Streamlining and Implementation of Economic Growth, Regulatory Relief and Consumer Protection Action Changes to Family Self-Sufficiency Program Final Rule on May 17, 2022, effective June 16, 2022. The final rule mandates numerous changes to the FSS program that must have been implemented no later than November 14, 2022. The changes required HOC to update the FSS Action Plan, which describes the policies and procedures used to operate the FSS program by September 30, 2022 (45 days prior to the compliance date). HOC received HUD's approval on September 26, 2022.

Regulatory changes to the FSS Program include:

1. Obtaining employment and being free of welfare assistance at the time of graduation;
2. Updating the mandatory size of a Public Housing Authority's required FSS Program;
3. Allowing family members other than the Head of Household to execute the FSS Contract of Participation ("CoP");
4. Changing the term of the CoP;
5. Amending the management of the escrow account, including forfeiture of the escrow funds; and
6. Making changes to portability provisions.

The Final Rule also allows PBRA owners to administer FSS Programs. The requirements listed above are documented in HOC's updated FSS Action Plan.

The FSS Action Plan provides details about operations, program participants, supportive services, as well as the agency's strategy to help low-income families increase their earned income and eliminate their need for welfare assistance. The FSS Action Plan must also address the implementation of discretionary policies. HOC implemented policies and procedures considered to be safe harbor or best practices.

HOC incorporated the following discretionary policies:

- **Chapter One: FSS Introduction**
 - HOC will review and update the action plan at least once per year to reflect regulatory

and operational challenges.

- **Chapter Two: Purpose, Scope, and Applicability of the FSS Program**
 - HOC will maintain its Mandatory Minimum Program Size (“**MMPS**”) of 441 families. HOC can reduce the program size by one for each family member that graduates from the program. Additionally, HOC can choose to operate an FSS program of a larger size than its MMPS.
 - HOC will not enter into a cooperative Agreement with multifamily owners to voluntarily make its FSS program available to those residents (Section 8 PBRA program).

- **Chapter Three: Program Administration**
 - HOC will utilize a combination of HCV Administrative Fees and grant funds from Montgomery County Government to pay for FSS salaries not covered in the FSS grant.
 - HOC will not use unrestricted Net Position funds to pay for supportive services. HOC will use forfeited escrow account funds and refer FSS families to partnering agencies for supportive services.
 - HOC will use forfeited escrow account payments for FSS participants in good standing, as requested, to complete an interim goal or task in the Individual Training and Service Plan (“**ITSP**”).
 - HOC will prioritize funds from the forfeited escrow accounts on a first come first served basis, based on the date/time of the request.
 - HOC will seek assistance from the RAB in identifying potential members to serve on the Program Coordinating Committee (“**PCC**”).

- **Chapter Four: Selecting and Serving FSS Families**
 - HOC will offer monthly case management, information and referrals, educational workshops, and priority in homeownership programs and escrow accounts, as incentives to join the FSS program.
 - HOC will conduct outreach efforts in English and Spanish. Upon request, translation in other languages will be made available.
 - HOC will establish a waitlist for the FSS program when enrollment exceeds 400 participants. Applicants will be selected for program participation in the order of the date/time of the application submission.
 - HOC will conduct motivational screening for interest in the FSS program. The screening will simply require the family’s attendance of an orientation/workshop.
 - HOC will deny program participation if the family owes a debt to the PHA. Families who have entered into a repayment agreement and are current in the repayment terms will not be denied participation in the FSS program.
 - HOC will allow a family to re-enroll in the FSS Program a second time if they did not successfully complete the obligations of the executed contract CoP.
 - HOC will require each adult member of the household to certify their agreement as to their designated head of the FSS family.

- HOC will conduct an informal needs assessment before executing the CoP. After enrollment, a formal assessment will be completed by a partnering agency.
- **Chapter Five: Contract of Participation**
 - HOC will not terminate the FSS CoP if the family has violated the terms of the lease, if the family has requested an informal hearing and prevailed.
 - HOC will not terminate the CoP if the family fails to meet the contract obligations for good cause.
 - HOC will modify the CoP upon mutual agreement from the FSS Head of Household and FSS Counselor.
 - HOC will continue to offer supportive services to former FSS families, free of charge.
 - The grievance and informal hearing procedures for the FSS program is the same process adopted for the HCV program (Chapter 19 of the HOC HCV Administrative Plan).
- **Chapter Six: Escrow Account**
 - HOC will disburse interim payouts from the escrow account before completion of the CoP when the funds are needed to complete an interim goal or for a one-time payment. The FSS participant must be enrolled in the program for a minimum of 12 months and the amount of the withdrawal is limited to 25% of the accrued escrow.
 - Before disbursing interim and final payouts, HOC will follow HUD’s verification hierarchy to confirm that the FSS family has completed interim goals, the CoP, or is no longer a recipient of welfare assistance.
 - HOC will provide FSS participants with an annual statement of their FSS escrow balance.
- **Chapter Seven: Portability in Housing Choice Voucher Programs**
 - If the FSS family has established residency in Montgomery County for at least 12 months prior to admission to the HCV program, HOC will approve the FSS family’s request to port to another jurisdiction during the first 12 months after the effective date of the CoP.

All other aspects of HOC’s FSS Action Plan adhere to the general rules/regulations of the FSS Program.

Section (C): Deconcentration

HOC’s Public Housing Deconcentration Policy is described in Chapter 10 of the Agency’s Admissions and Continued Occupancy Policy (“ACOP”), which governed HOC’s Public Housing program. Although HOC has converted all of its PH units and tenants through the use of RAD Component One, rendering the ACOP no longer relevant, HOC’s PH Deconcentration policy is referenced below, as requested for this section. More specifically, Sections 10.4 and 10.5 read the following:

10.4 Deconcentration Policy:

It is HOC’s policy to provide for deconcentration of poverty and encourage income mixing by

bringing higher-income families into lower-income developments and lower-income families into higher-income developments. Towards this end, we may skip families on the waitlist to reach other families with a lower or higher income. Additionally, the HOC may use flat rents to encourage higher-income eligible residents to lease or remain in a public housing unit. We will accomplish this in a uniform and non-discriminatory manner.

HOC will affirmatively market its housing to all eligible income groups. Lower-income residents will not be steered toward lower-income developments and higher-income people will not be steered toward higher-income developments.

10.5 Deconcentration Incentives:

Subject to its annual deconcentration analysis, the HOC may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

B2: New Activities

Project Based Vouchers:

HOC currently operates a PBV program within its HCV program. The rules governing HOC's PBV program are enumerated in Chapter 22 of HOC's Administrative Plan for the Housing Choice Voucher Program. As described in HOC's Administrative Plan, the program goals for the PBV Program are as follows.

- a) To contribute to the improvement and long-term viability of the area's housing stock.
- b) To increase the supply of affordable housing and location choice for very low-income households.
- c) To integrate housing and supportive services such as education, case management, job training, and day care to help families and individuals achieve stability and self-reliance.
- d) To promote the coordination and leveraging of resources of public, semi-public, or non-profit agencies with compatible missions.

As previously reported, HOC administered a PBV HAP contract with HOC's Town Center Apartments for sixty-two (62) senior housing apartments. HUD executed the PBV HAP contract on July 1, 2019. HUD awarded HOC tenant protection vouchers for At-Risk Households in Low-Vacancy Areas (Low-Vacancy Vouchers or "LVV") for residents of Town Center Apartments under the Second Component of the RAD program and Section III (A) of Notice PIH 2018-02. Under this program, HOC elected to administer the PBV HAP contract. The property's triggering event was the maturation of its Section 236 mortgage on May 1, 2019.

As part of HOC's ongoing commitment to enhance communities and provide stronger opportunities to customers living at Town Center Apartments, HOC completed the new construction of senior property, Residences on the Lane (formerly referred to as Upton II), in downtown Rockville. Residences on the Lane is the replacement property for the residents of Town Center Apartments and was developed under the Low Income Housing Tax Credit ("LIHTC") program. Ultimately, HOC was not able to transfer the original LVV PBV contract to Residences on the Lane; however, all affected residents were issued tenant-based protection vouchers. Construction at Residences on the Lane was completed in October 2021. All residents have vacated Town Center Apartments and have relocated to their intended destinations.

In FY 2019, HOC's Stewartown Homes underwent a RAD Component Two conversion from Section 236 Rental Assistance Payments ("RAP") to PBV. Nineteen (19) existing RAP subsidies were converted to PBV. In relation to the RAD Component Two conversion, HUD also approved HOC for 37 LVV as project-based tenant protection vouchers for residents without Section 236 RAP subsidy. HOC was required to certify the existing residents for the LVVs and determine eligibility, which is governed by the HCV program regulations. The LVV funding went into effect during October 2019. The 19 PBV and 37 LVVs are now administered under HOC's HCV program. Stewartown Homes is also financed by the LIHTC program. Renovations for this property are complete as of November 2022. All residents have successfully relocated back to the property.

In FY 2020, HOC's Elizabeth House III (The Leggett) completed its conversion of PH through a RAD Component One/Section 18 Blend, as previously reported. This conversion included 26 tenant protection project-based vouchers. These vouchers are now administered under HOC's HCV program. This is HOC's final RAD conversion project and construction has reached substantial completion as of February 2023. HOC will soon begin the process of relocating existing RAD tenants to their new units.

In FY 2020, HOC's Bauer Park senior property underwent a RAD Component Two conversion from Section 236 RAP to PBRA. HOC received a total of 56 PBRA subsidies to replace the existing Section 236 RAP subsidies. In relation to this conversion, HOC was also approved for 65 LVVs as tenant protection vouchers for the Section 236 residents without RAP subsidies. HOC was required to certify the existing residents for the LVVs and determine eligibility, which is governed by the HCV program regulations. The 65 project-based LVVs are now administered under HOC's HCV program. This property is financed in part by Low Income Tax Credits. Renovations are complete as of February 2023.

HOC's Metropolitan located in Bethesda, MD is a LIHTC property, which includes 38 PBV units. HOC plans to renovate all units and common areas at this property through a refinance and LIHTC re-syndication. Renovations will also include upgrades to all systems and water piping. HOC is currently in the process of procuring a general contractor for these renovations and a request for proposal ("RFP") was issued December 21, 2022.

In accordance with the Code of Federal Regulations ("CFR") at 24 CFR 983.6 and HOC's Administrative Plan, the maximum amount of PBV assistance that HOC may provide is up to 20 percent of the HCV program baseline (currently 7,702). HOC currently has 870 PBV units located throughout Montgomery

County, Maryland, including Silver Spring, Aspen Hill, Bethesda, Montgomery Village, Gaithersburg, Rockville, Germantown, Chevy Chase, Wheaton, Takoma Park, Clarksburg, and Boyds.

HOC has not and does not currently have any additional Project Based Voucher activity.

B3: Progress Report

HOC continues to make positive strides toward meeting the mission and goals described in its FY 2020 – 2024 Five-Year Plan. Below are some highlights of HOC’s efforts over this past year:

- **Real Estate Development Team:** Development of affordable housing.
 - Presently, HOC has in design, predevelopment, and under construction/renovation thirteen (13) developments throughout Montgomery County totaling approximately 3,270 units, with 1,812 units designated as affordable, for an aggregate total of nearly \$895 million in construction dollar value. HOC also has more than 2,000 additional units of renovation and new construction that will target a high level of sustainability at varying Area Median Income (“**AMI**”) levels that are slated to enter the pipeline shortly. Within the past year, HOC closed on the acquisition of 625 naturally occurring affordable housing units inside the Bethesda Central Business District (“**CBD**”).

 - 308 Total Units
 - LIHTC: 92
 - PBV: 38
- **Housing Resources Division (“HRD”):** Operation of HOC’s HCV program.
 - HRD oversees two Customer Service Centers (Down-County, Silver Spring, and Up-County, Gaithersburg). The centers were closed to the public beginning in March 2020, in response to the COVID-19 pandemic, but reopened January 9, 2023. Throughout this time

period, HRD adapted its operations in order to operate efficiently and provide the same level of services as pre-COVID-19. This included teleworking, electronic certifications, limited in-office hours for critical staff, remote customer voucher issuance and relocation briefings, remote landlord informational briefings, and remote informal hearings. These modifications continued successfully throughout the pandemic.

- Since reopening to the public, HRD staff have returned to pre-COVID-19 operations; however, some practices adopted during the pandemic will remain in effect.
 - HOC began using Ecco Mail to receive incoming correspondence electronically. This allows HRD staff to receive customer documents more timely and efficiently than the traditional mail system.
 - HRD began using Yardi's Rent Café system during July 2022. Rent Café is an on-line portal used to perform re-certifications electronically in lieu of traditional mail. Electronic re-certifications will remain in effect post-pandemic in order to streamline the recertification process.
 - HRD will implement a hybrid voucher briefing format, conducting briefings virtually and in person.

- HRD has worked assiduously to increase the utilization rate of the Housing Choice Voucher Program and has reached a rate of 96%. HRD anticipates increasing the utilization to 98% by the end of calendar year 2023. HRD continues to monitor the utilization rate monthly and work to maintain and further increase the rate.

Monthly, staff selected an average of 400 applicants from the waitlist to determine program eligibility for the HCV/PBV programs. Overall, HOC selected 4,878 applicants from the waitlist during calendar year 2022. HRD processed 931 New Admissions during the calendar year 2022.

The response rate was extremely low during the pandemic and often certification packets trickled in after the requested return date. The mailing time was also slower than usual. To help remedy this, HRD sent correspondence electronically to the customer email address on the application, and by the U.S. Postal Service. Additionally, staff conducted outreach to applicants with vouchers nearing expiration.

Staff also noted that applicants experienced challenges searching for units during the pandemic and did not search as actively as pre-pandemic. There was a reluctance for applicants to physically view/enter homes during the pandemic, which drastically affected the leasing rates.

However, lower COVID transmission rates have resulted in more active housing searches, resulting in an uptick in the leasing rate.

- **Inspection Services (Housing Resources Division):** Operates HOC’s HCV HQS inspection program.
 - HOC’s Inspection Services team previously phased in the use of virtual inspections for annual and initial inspections in order to continue to ensure safe and appropriate housing for our HCV customers during the COVID-19 pandemic. The team also allowed virtual inspections for our most vulnerable population. This option will remain in effect.
 - HOC’s third party contract inspections company, Inspections Experts, Inc. (“**IEI**”) is required to utilize PHA provided software (“**YARDI**”) to complete inspections and upload inspection results. Virtual inspections, which IEI performs, require a smartphone or tablet. In-person inspections are conducted for all initial inspections, and on an as-needed basis for existing units.

- **Resident Services:** Provide supportive services to all of HOC’s customers.
 - Resident Services continues to provide paramount supportive services to HOC customers, including HCV recipients. As a result of the pandemic, there has been a rise in requests for services from Resident Service staff, who seamlessly adapted their services to support HOC participants through phone, virtual platforms, and limited door-to-door services for extenuating circumstances (crises and lack of access to virtual platforms). Since the reopening of HOC’s offices to the public, Resident Services Staff has reverted to seeing residents and operating programs in-person. They continue to offer general services, including need-based workforce assessments, wellness checks, information, and referrals. They also provide HOC’s participants who have specific needs with food assistance and other essentials. During the pandemic, children and youth faced unexpected closure of schools, childcare centers, and many of the community spaces that children and families typically utilize. These closures limited access to support networks and help from adults outside the home. These places/spaces have since reopened to the public and are operating on pre-pandemic schedules.

 - HOC’s Resident Services Division continues to provide education programs for youth; workforce, health and wellness programs for adults; and support for our elderly population through the use of virtual platforms and in-person services.

 - **Fatherhood Initiative Program:**

HOC’s Fatherhood Initiative Program strengthens families by strengthening fathers. HOC is proud to administer the Fatherhood Initiative Program. Since 2015, HOC has worked with more than 1,000 fathers and received national recognition for its success with the program. In 2020, HOC received its second cycle (five years) of grant funding from the

U.S. Department of Health and Human Services to continue its work in strengthening fathers and families through the program.

During the pandemic, the Fatherhood Initiative Program successfully conducted the program virtually with curriculum from the National Fatherhood Program, financial literacy, workforce development, and health courses sponsored by community partners. HOC staff work with fathers to help strengthen their parenting skills, prepare them for new career opportunities, and connect them to community resources incentives, and peer support.

By participating in the Fatherhood Initiative Program, participants have access to:

- Case management services;
- Community resources; and
- Incentives for reaching program milestones, and more.

HOC's success is dependent on our partnerships throughout the community, including participant referral partners. Our current partners who are leading experts in fatherhood education include, Montgomery College, Fathers and Children Together, PNC Bank, African American Health Program, the National Fatherhood Initiative, and other nonprofits, agencies, and private partnerships. Partners have the opportunity to collaborate with HOC in this innovative program by:

- Collaborating with HOC in participant-recruitment efforts;
 - Partnering in community events held for participants and families;
 - Participating in panels at Fatherhood Initiative Program workshops and events; and
 - Sharing client referrals and resource connections.
- HOC has continued to work with staff, other local agencies, and outside partners to enhance its fair housing efforts.

Violence Against Women Act ("VAWA") Goals:

To help meet the goals of VAWA, HOC provides support and referrals to counseling for victims of domestic violence, dating violence, sexual assault, or stalking. HOC's partner, the Montgomery County Department of Health and Human Services, features an Abused Persons Program (240-777-4673), which provides 24-hour services, including access to counseling and shelters. HOC has an Agency-wide VAWA Policy, which clearly defines and describes HOC's efforts to ensure that VAWA victims retain their housing assistance. HOC also assists victims with referrals to obtain restraining orders.

On November 16, 2016, the HUD published a new Final Rule implementing the housing protections authorized in the Violence Against Women Reauthorization Act of 2013 ("VAWA 2013" or "2013 Act").

Despite the VAWA 2013 Final Rule's identification that a formal PHA policy is not required in order to implement the provisions of VAWA 2013, HOC's Commission chose to develop a single, stand-alone VAWA policy, which describes HOC's commitment to VAWA adherence and enforcement.

HOC's new VAWA Policy has the following principal goals and objectives:

- A. Maintaining compliance with all applicable legal requirements imposed by VAWA;
- B. Ensuring the physical safety of victims of actual or threatened domestic violence, dating violence, sexual assault, or stalking who are assisted by HOC;
- C. Providing and maintaining housing opportunities for victims of domestic violence, dating violence, sexual assault, or stalking;
- D. Creating and maintaining collaborative arrangements between HOC, law enforcement authorities, victim service providers, and others to promote the safety and well-being of victims of actual and threatened domestic violence, dating violence, sexual assault, or stalking, who are assisted by HOC; and
- E. Taking appropriate actions in response to an incident or incidents of domestic violence, dating violence, sexual assault, or stalking, affecting individuals who HOC assists.

Additionally, HOC's VAWA Policy states the Agency's commitment to cooperate with organizations and entities, both private and governmental, which provide shelter and/or services to victims of domestic violence. If HOC's staff becomes aware that an HOC assisted individual is a victim of domestic violence, dating violence, sexual assault, or stalking, HOC will refer the victim to such providers of shelter or services as appropriate. While HOC's VAWA Policy does not create any legal obligation that requires HOC either to maintain a relationship with any particular provider of shelter or services to victims of domestic violence, dating violence, sexual assault, or stalking or to make a referral in any particular case, HOC's Emergency Transfer Plan does describe providers of shelter or other services to victims of domestic violence, dating violence, sexual assault, or stalking with which HOC has referral or other cooperative relationships.

Lastly, HOC's VAWA Policy incorporates and explains the Agency's use of the following four HUD documents required as per the VAWA 2013 Final Rule:

- 1. Notice of Occupancy Rights under the Violence Against Women Act;
- 2. Model Emergency Transfer Plan for Victims of Domestic Violence;
- 3. Certification of Domestic Violence; and
- 4. Emergency Transfer Request for Victims of Domestic Violence.

B4: Capital Improvements

Please reference HUD form 50075.2 approved by HUD on 10/30/2020. The Capital Fund Program Five-Year Action Plan describes the capital improvements necessary to ensure the long-term physical and social viability of HOC's Public Housing Projects.

B5: Most Recent Fiscal Year Audit

There were six findings identified during HOC's FY 2022 agency audit. Below are the findings, recommendations, and corrective actions for each finding.

1. **Finding 2022-001: Housing Voucher Cluster-HCVP Eligibility**
 - a. Context: Testing of 40 HCVP tenant files for eligibility standards revealed one file where the tenant received an allowance without proper verification or support.
 - b. Recommendation: The Commission should implement processes to ensure that all proper documentation is maintained during the recertification process for every tenant.
 - c. HOC Action:
 - i. The Housing Resources Division will hire an internal trainer to address systemic errors, reinforce program rules, and introduce new regulatory requirements. The trainer will meet with staff monthly to reinforce program requirements and provide individual coaching as needed. Moreover, HOC will continue to archive recorded trainings in a resource library so the materials are accessible to staff at all times.

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairperson or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the ___ 5-Year and/or X Annual PHA Plan, hereinafter referred to as "the Plan", of which this document is a part, and make the following certification and agreements with the Department of Housing and Urban Development (HUD) for the PHA fiscal year beginning 07/2023, in connection with the submission of the Plan and implementation thereof:

1. The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located (24 CFR § 91.2).
2. The Plan contains a certification by the appropriate State or local officials that the Plan is consistent with the applicable Consolidated Plan, which includes a certification that requires the preparation of an Analysis of Impediments (AI) to Fair Housing Choice, or Assessment of Fair Housing (AFH) when applicable, for the PHA's jurisdiction and a description of the manner in which the PHA Plan is consistent with the applicable Consolidated Plan (24 CFR §§ 91.2, 91.225, 91.325, and 91.425).
3. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, consulted with this Resident Advisory Board or Boards in developing the Plan, including any changes or revisions to the policies and programs identified in the Plan before they were implemented, and considered the recommendations of the RAB (24 CFR 903.13). The PHA has included in the Plan submission a copy of the recommendations made by the Resident Advisory Board or Boards and a description of the manner in which the Plan addresses these recommendations.
4. The PHA provides assurance as part of this certification that:
 - (i) The Resident Advisory Board had an opportunity to review and comment on the changes to the policies and programs before implementation by the PHA;
 - (ii) The changes were duly approved by the PHA Board of Directors (or similar governing body); and

6. The PHA certifies that it will carry out the public housing program of the agency in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d-2000d-4), the Fair Housing Act (42 U.S.C. 3601-19), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), title II of the Americans with Disabilities Act (42 U.S.C. 12101 et seq.), and other applicable civil rights requirements and that it will affirmatively further fair housing in the administration of the program.  - Adoption of a site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
 - The PHA shall take reasonable measures to assure that such a waiting list is consistent with affirmatively furthering fair housing; and
 - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR 903.7(o)(1).
